State board

2010 - 2013

Higher secondary school

Computer science

2010 - 2013

EXPERTISE

Web development

Programming

UI/UX

Project Management

Designs

EXPERIENCE

My College

I created the website for my college which have a dashboard to manage the contents of the website.

Instagram

I design logo, cover and business cards for the instagram theme pages and also design their advertisements.

Print on demand

I make designs for the tshirt using designing platforms such as Canva and Adobe cc.

Advertisements

I run a Instagram theme page under 10k, I used the page to run advertisements for other Instagram pages.
